Testimonial Kaspar

"The reason for me to choose BEC was because I really wanted to bring my knowledge of English to a higher level. I believe that English is the language of the future and even the language of today. It is used all over the world and therefore I thought it would definitely be a good idea to study Business English. Another reason I chose BEC was that I decided to do an international study called International Business Management. This study is all in English, so having a background in Business English (which really is a different side of English in the regular English classes) gave me a huge advantage.

So, why did I decide to join the BEC course:

- 1. BEC gives you a huge advantage later on in life, when you decide to work in an international environment.*
- 2. It gave me an advantage since I am doing an international study.*
- 3. Last but not least, it was decisive for being admitted to an international school, as my BEC certificate is internationally recognized and proof of my capacities in BEC."*
